## **GENERAL INFORMATION**

### **Winter Cheering Season**

The MPA Sport Season Policy remains in effect all year. Cheering squads may not sponsor or participate in clinics prior to or following the end of the winter sport season. Schools may enter one team of not more than twenty (20) participants plus **two** alternates in the Cheerleading Competition. Selection of the participants is a decision of the school. The only MPA requirements are: (a) a school may **not** select squads exclusively for competition squads, and (b) each member must have been a member of the basketball or ice hockey spirit squad during the winter sport season. **Every school's coach must attend the mandatory rules clinic in order to compete in competition.** If a coach does not attend one of the rules clinics, the school will be assessed a \$35 fine, and the coach must attend a make-up clinic and pay a \$50 clinic cost, plus mileage for the clinician. **ALL COACHES MUST SIGN IN TO BE CREDITED WITH ATTENDANCE.**

## **SAFETY REGULATIONS**

**The MPA Cheerleading Committee follows the National Federation Spirit Rule Book.** This rule book will be in effect for all cheerleader activities (Fall-Winter) throughout the year and must be followed in all MPA-sponsored or sanctioned events. A primary concern of the MPA is the safety of the participants. All cheer coaches must also be AACCA certified. In MPA-sponsored tournaments/events, all National Federation Rules apply. Any school committing a flagrant violation of the National Federation Rules will lose its eligibility to compete in the MPA Cheerleading Tournament.

In accordance with National Federation Rules ... Tumbling and partner stunts shall not be performed on concrete, wet surfaces, or where there is not enough space. Tumbling or partner stunts and pyramids/mounts shall not be performed during a basketball or volleyball game when the ball is in play. **Basket tosses, elevator/sponge tosses, twisting out of stunts and similar multi-base tosses are permitted only on appropriate mats.**

## **DOUBLE DOWNS**

Double downs continue in a conditional warning status by the NFHS due to the fact that coaches continue to allow athletes to perform this skill with improper technique. With double downs, as well as with any skill taught to athletes, coaches are responsible for teaching and enforcing general risk management rules, identifying teams' ability levels, and following proper progressions in learning new skills. It is imperative that coaches insist on "perfection before progression" when teaching double downs/twists. During stunts, participants are permitted to do  $1 \frac{1}{4}$  twists from side-facing stunts.

MPA will follow the National Federation Spirit Committee recommendation and requires schools to use cheering mats at all exhibition, league, regional and state competitions. It is the coach's/school's responsibility for all athletes to be capable of safely completing the routine. Judges are not able to make scoring allowances for athletes who cannot perform the routine.

## **BASKETBALL/HOCKEY CHEERLEADERS**

Cheerleaders performing individual gymnastic skills at basketball or hockey games may leave the ground only under their own power. From the mount and/or stunt position, cheerleaders may not be thrown more than 12 inches above the extension of their hands.

Stunts should be taught in a sequential progression and documented by the coach. **Appropriate mats must be used at all practices.** All NFHS Spirit Rules apply at all contests. **Cheering routines should never be performed at competitive events without mats.**

### **PRACTICE SESSIONS**

All practice sessions should include spotters. **Appropriate mats must be used while all stunts are being learned.** Step-by-step procedures should be used to master all stunts and learning sessions should be supervised by a qualified coach, advisor or teacher in accordance with NFHS Spirit Rules. The MPA Cheerleading Committee strongly encourages principals and athletic administrators to determine the appropriateness, degree of danger, and difficulty of the routine in light of the amount of training (in tumbling/gymnastics) of the coach and the abilities of participants.

### **BONA FIDE TEAM RULE**

A member of a school team is a student athlete who is regularly present for and actively participates in team practices and competitions. Bona fide members of a school team are prevented from missing high school practice or competition to compete or practice elsewhere.

\* A single waiver per student athlete per sport season may be granted by the principal on a case-by-case basis for extraordinary circumstances. (e.g. If a student/athlete were invited to participate in a prestigious weekend event then a waiver may be granted. If a student/athlete were invited to participate in a nationally recognized tournament over a school vacation then **that** waiver may be granted for that activity. If a student requests to miss practice every Friday because he/she is receiving specialized coaching from an outside team/coach, then a waiver should not be granted **because it violates the spirit and intent of the rule.**)

\*\* This policy is not intended to restrict dual sport participation in schools that allow dual participation.

\*\*\* Penalty for violation of this policy:

1<sup>st</sup> Violation Report violation to MPA office, suspension from play for one game/contest

2<sup>nd</sup> Violation Report violation to MPA office, removal from team for remainder of season

(Effective Date: 2011)
